

SINGLE WALL VERTICALS

the BETTER WAY

All **AGI products** are manufactured to meet individual customer specifications. With consumer demand high, storage and delivery systems are key to maintaining and expanding future sales. AGI's **bigger and better** product, consistent **quality manufacturing** standards and stable delivery schedule, translate into per tonne **lower storage costs**.

Standard features:

- 24" round side manway with repad
- 4" roof vent
- lift lugs
- fittings: class 3000#
- external blast: SSPC-6
- primed: zinc rich red oxide

Fertilizer (API-12F):

- 1/4" steel floor
- 3/16" steel roof & sidewall
- normal vent
- API labelled
- two 3" stainless steel couplers
- 3/4" sight gauge tube
- 3/4" coupler and return line for sight gauge
- external sight gauge board mounted 3" from side of tank

Fuel & Oil (ULC-S630-93):

- 5/16" steel floor
- 1/4" steel roof & sidewall
- ULC sized normal vent
- ULC labelled
- pipe: schedule 40 A53 Gr. B

Optional features:

- 2" or 3" stainless steel valves
- top manway
- internal blast: SSPC-9
- internal epoxy lining, full or partial application
- custom-colour top coat (rust resistant paint)
- epoxy primer & epoxy top coat
- freight and site installation
- 8" emergency hatch with remote opener
- upgrade floor, roof or sidewall steel thickness
- ladder and cage
- tailing lugs
